

CONFIDENTIAL

DIRECTOR OF CENTRAL INTELLIGENCE  
Joint Atomic Energy Intelligence Committee

3 August 1982

MEMORANDUM FOR: Executive Secretary, NFIB

FROM:

  
Chairman, JAEIC

SUBJECT: Use of Certain Contract Employees on  
DCI Committees

REFERENCE: Memorandum from EA/DDCI to D/ICS, 23 July 1982

This is in response to your 29 July memorandum pertaining to the questions raised in reference. For many years, personnel from DoE Laboratories have participated extensively in JAEIC activities, involving meetings of the full Committee and of the Working Groups of JAEIC. The Committee benefits greatly from their direct involvement and continuing participation, and I strongly support it, but I would discourage their being designated as "official members." While they are considered important and useful participants in Committee or Working Group activities, in our view they are participating on behalf of their sponsoring department or agency, as we interpret the DCID's governing the DCI Committees. I believe that this interpretation is best for JAEIC's interests and that all the advantages of their valuable contributions to the Intelligence Community can be fully realized through this mechanism.
